Selective laser melting of titanium parts: Influence of laser process parameters on macro- and microstructures and tensile property

Dongsheng Sun, Dongdong Gu, Kaijie Lin, Ji Ma, Wenhua Chen, Jie Huang, Xiaofeng Sun, Mingqiang Chu

PII:	S0032-5910(18)30823-4
DOI:	doi:10.1016/j.powtec.2018.09.090
Reference:	PTEC 13764
To appear in:	*Powder Technology*
Received date:	10 March 2018
Revised date:	2 September 2018
Accepted date:	26 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
