Title: Decoding liver injury: A regulatory role for histone modifications

Author: Wenfang Tian Yong Xu

PII: S1357-2725(15)00078-3
DOI: http://dx.doi.org/doi:10.1016/j.biocel.2015.03.009
Reference: BC 4581

To appear in: *The International Journal of Biochemistry & Cell Biology*

Received date: 3-2-2015
Revised date: 5-3-2015
Accepted date: 11-3-2015

Please cite this article as: Tian, W., and Xu, Y.,Decoding liver injury: A regulatory role for histone modifications, *International Journal of Biochemistry and Cell Biology* (2015), http://dx.doi.org/10.1016/j.biocel.2015.03.009

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
