This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Stefan Mühlebach,

Regulatory Challenges of Nanomedicines and their follow-on versions: Generics or Similar?

Themed issue ADDR: Drug Nanoparticles and Nano-Cocrystals: from Production and Characterization to Clinical Translation

Title and authors affiliation

Regulatory challenges of nanomedicines and their follow-on versions: a generic or similar approach?
