This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Revised Title Page

Type of article : Research paper

Title of the article: Effects of biomineralization on osseointegration of pure titanium implants in the mandible of beagle dogs

Running title : Biomineralization on Titanium Implants

Contributors :

Shuang Mei, PhD,* Fusheng Dong, PhD† and Mohammad Sayedur Rahman Khan (Khan MSR), B.D.S., M.D.S. (In course)‡

*Resident, Department of Oral and Maxillofacial Surgery, Hospital of Stomatology Hebei Medical University, China.

†Professor, Department of Oral and Maxillofacial Surgery, Hospital of Stomatology Hebei Medical University, China.

‡ Department of Oral & Maxillofacial Surgery, College of Stomatology, Hebei Medical University, China.

Corsponding author details:

Name: Professor Fusheng Dong

Address: Head of Oral and Maxillofacial Surgery Department, Hospital of Stomatology of Hebei Medical University, No. 383 East Zhongshan Road, Changan District, Shijiazhuang 050017, Hebei, China.
