Berg, Toshiaki Minami , Adapting international simulation-based educational methods: Localization for medical culture and educational characteristics. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Yajem(2017), <https://doi.org/10.1016/j.ajem.2018.01.090>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Adapting International Simulation-based Educational Methods: Localization for
Medical Culture and Educational Characteristics**

Nobuyasu Komasa MD, PhD, Benjamin W. Berg MD, Toshiaki Minami MD, PhD

N.K.: Assistant Professor, Department of Anesthesiology, Osaka Medical College

B.W.B: Professor of Medicine, SimTiki Simulation Center, John A Burns School of
Medicine, University of Hawai'i

T.M.: Professor and chief, Department of Anesthesiology, Osaka Medical College

Key words: in-hospital, simulation training, patient safety, interprofessional education

Running title: Need for culture and educational modification on simulation-based
educational method

Corresponding address:

Nobuyasu Komasa, M.D., Ph.D.

Department of Anesthesiology

Osaka Medical College

Daigaku-machi 2-7, Takatsuki

Osaka 569-8686, Japan
