

Journal of Controlled Release Vol. 172, No. 2, 2013

Contents

PREFACE

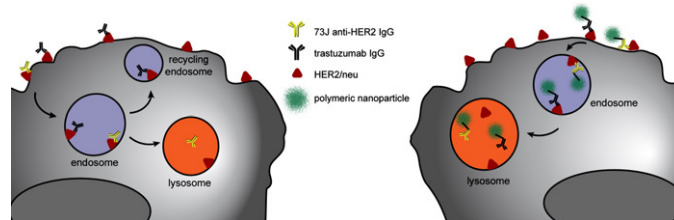

The 16th International Symposium on Recent Advances in Drug Delivery, February 3–6, 2013, Salt Lake City, UT, USA  
You Han Bae, David W. Grainger

pp 393–394

Targeting HER2+ breast cancer cells: Lysosomal accumulation of anti-HER2 antibodies is influenced by antibody binding site and conjugation to polymeric nanoparticles

pp 395–404

Shawn C. Owen, Nish Patel, Jennifer Logie, Guohua Pan, Helena Persson, Jason Moffat, Sachdev S. Sidhu\*, Molly S. Shoichet\*

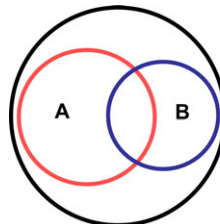

Designing personalised cancer treatments

pp 405–409

Ian A. Cree

This diagram illustrates the issue of personalised medicine. If a group of patients are randomised to two treatments, some will respond to drug A or B, and some to neither. The problem is knowing who fits in which category, and this requires companion diagnostic tests with predictive ability.

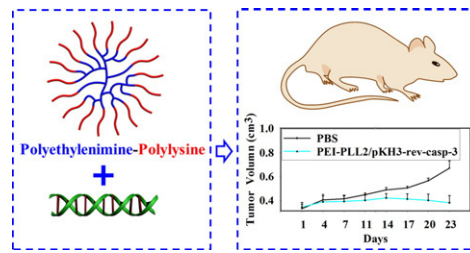

Treatment A > B

All get A in future

**Polylysine-modified polyethylenimine inducing tumor apoptosis as an efficient gene carrier**

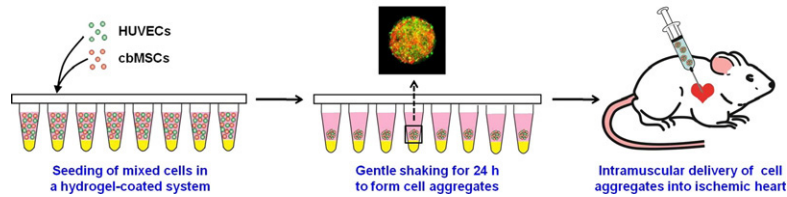

pp 410–418

Huayu Tian, Lin Lin, Zixue Jiao, Zhaopei Guo, Jie Chen, Shiqian Gao, Xiaojuan Zhu\*, Xuesi Chen\*

**Intramuscular delivery of 3D aggregates of HUVECs and cbMSCs for cellular cardiomyoplasty in rats with myocardial infarction**

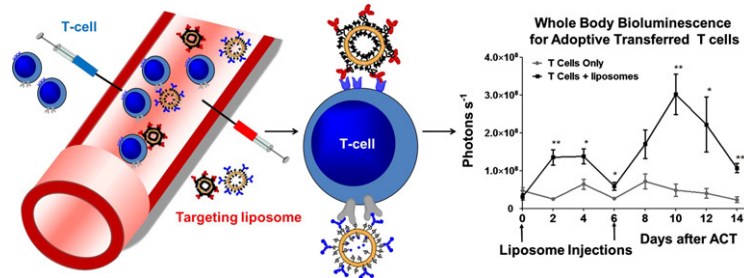

pp 419–425

Ding-Yuan Chen, Hao-Ji Wei, Wei-Wen Lin, Kun-Ju Lin, Chieh-Cheng Huang, Cheng-Tse Wu, Shiao-Min Hwang, Yen Chang\*, Hsing-Wen Sung\*\*

**Preparation and Transplantation of 3D Cell Aggregates****In vivo targeting of adoptively transferred T-cells with antibody- and cytokine-conjugated liposomes**

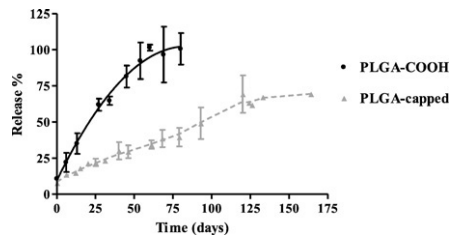

pp 426–435

Yiran Zheng, Matthias T. Stephan, S. Annie Gai, Wuhbet Abraham, Adrienne Shearer, Darrell J. Irvine\*

**The effect of lauryl capping group on protein release and degradation of poly(D,L-lactic-co-glycolic acid) particles**

pp 436–443

N. Samadi, A. Abbadessa, A. Di Stefano, C.F. van Nostrum, T. Vermonden, S. Rahimian, E.A. Teunissen, M.J. van Steenberg, M. Amidi, W.E. Hennink\*
