Triarylmethine dyes: Characterization of isomers using integrated mass spectrometry

Ilaria Degano, Francesca Sabatini, Chiara Braccini, Maria Perla Colombini

PII: S0143-7208(18)31529-8

DOI: [10.1016/j.dyepig.2018.08.046](https://doi.org/10.1016/j.dyepig.2018.08.046)

Reference: DYPI 6960

To appear in: *Dyes and Pigments*

Received Date: 10 July 2018

Revised Date: 23 August 2018

Accepted Date: 24 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
