Title: Utility of solid phase extraction for colorimetric determination of lead in waters, vegetables, biological and soil samples

Authors: Zakia Al-Mallah, Alaa S. Amin

PII: S1226-086X(18)30402-7
DOI: <https://doi.org/10.1016/j.jiec.2018.07.020>
Reference: JIEC 4094

To appear in:

Received date: 3-4-2018
Revised date: 2-7-2018
Accepted date: 16-7-2018

Please cite this article as: Zakia Al-Mallah, Alaa S.Amin, Utility of solid phase extraction for colorimetric determination of lead in waters, vegetables, biological and soil samples, Journal of Industrial and Engineering Chemistry <https://doi.org/10.1016/j.jiec.2018.07.020>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Utility of solid phase extraction for colorimetric determination of lead in waters, vegetables, biological and soil samples
