This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Efficacy and safety of policosanol plus fenofibrate combination therapy in elderly patients with mixed dyslipidemia: a randomized, controlled clinical study

Running title: Policosanol and Fenofibrate for Dyslipidemia

Hai-ya Wang, MD¹, Qing-ping Jiao, MD², Shu-yan Chen, MD³, Jing Sheng, MD⁴, Hua Jiang MD⁵, Jie Lu, MD⁶, Song-bai Zheng, MD^{2*}, Ning-yuan Fang, MD^{1*}
