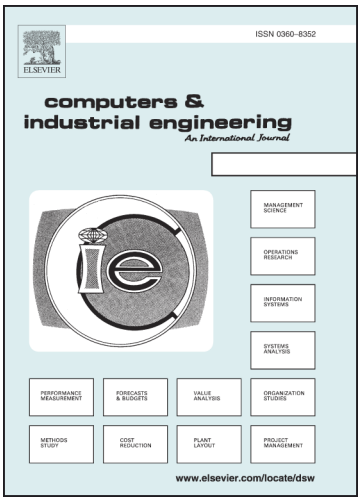
Accepted Manuscript



Reactive strategy for discrete berth allocation and quay crane assignment problems under uncertainty

Xiang Xi, Liu Changchun, Miao Lixin

PII: S0360-8352(18)30449-2
DOI: https://doi.org/10.1016/j.cie.2018.09.033
Reference: CAIE 5418

To appear in: *Computers & Industrial Engineering*

Received Date: 9 March 2018
Accepted Date: 18 September 2018

Please cite this article as: Xi, X., Changchun, L., Lixin, M., Reactive strategy for discrete berth allocation and quay crane assignment problems under uncertainty, *Computers & Industrial Engineering* (2018), doi: https://doi.org/10.1016/j.cie.2018.09.033

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
