Title: Cobalt and Cobalt-Iron spinel oxides as bulk and silica supported catalysts in the ethanol combustion reaction

Author: Yasmina Hammiche-Bellal Nabila Zouaoui-Mahzoul
Ibtissem Lounas Amel Benadda Rafik Benrabaa Aline Auroux
Laaldja Boukhobza Amar Djadoun

PII: S1381-1169(16)30461-7
DOI: <http://dx.doi.org/doi:10.1016/j.molcata.2016.11.005>
Reference: MOLCAA 10102

To appear in: *Journal of Molecular Catalysis A: Chemical*

Received date: 12-7-2016
Revised date: 29-9-2016
Accepted date: 3-11-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Cobalt and Cobalt-Iron spinel oxides as bulk and silica supported
catalysts in the ethanol combustion reaction**
