Title: Efficient and selective removal of cefixime form aqueous solution by a modified bionanocomposite

Authors: Siamak. Zavareh, Tala Eghbalazar

PII: S2213-3437(17)30293-2

DOI: <http://dx.doi.org/doi:10.1016/j.jece.2017.06.042>

Reference: JECE 1704

To appear in:

Received date: 11-1-2017

Revised date: 12-6-2017

Accepted date: 24-6-2017

Please cite this article as: Siamak.Zavareh, Tala Eghbalazar, Efficient and selective removal of cefixime form aqueous solution by a modified bionanocomposite, Journal of Environmental Chemical Engineering <http://dx.doi.org/10.1016/j.jece.2017.06.042>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Efficient and selective removal of cefixime form aqueous solution by a modified bionanocomposite

Siamak. Zavareh^{a,}, Tala Eghbalazar^a*
