Conventional vs. e-learning in nursing education: A systematic review and meta-analysis

Ari Voutilainen, Terhi Saaranen, Marjorita Sormunen

PII: S0260-6917(16)30322-7
DOI: doi:[10.1016/j.nedt.2016.12.020](https://doi.org/10.1016/j.nedt.2016.12.020)
Reference: YNEDT 3466

To appear in: *Nurse Education Today*

Received date: 5 July 2016
Revised date: 1 December 2016
Accepted date: 13 December 2016

Please cite this article as: Voutilainen, Ari, Saaranen, Terhi, Sormunen, Marjorita, Conventional vs. e-learning in nursing education: A systematic review and meta-analysis, *Nurse Education Today* (2016), doi:[10.1016/j.nedt.2016.12.020](https://doi.org/10.1016/j.nedt.2016.12.020)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Conventional vs. e-learning in nursing education: A systematic review and meta-analysis

Word count: 4138
