

Accepted Manuscript

Oil flooded scroll compressors: Predicting the energy performance and evaluating the experimental data

Alireza Zendehboudi, Afshin Tatar

PII: S0263-2241(17)30509-2
DOI: <http://dx.doi.org/10.1016/j.measurement.2017.08.011>
Reference: MEASUR 4909

To appear in: *Measurement*

Received Date: 18 May 2017
Revised Date: 4 July 2017
Accepted Date: 7 August 2017

Please cite this article as: A. Zendehboudi, A. Tatar, Oil flooded scroll compressors: Predicting the energy performance and evaluating the experimental data, *Measurement* (2017), doi: <http://dx.doi.org/10.1016/j.measurement.2017.08.011>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Manuscript prepared for Measurement

Oil flooded scroll compressors: Predicting the energy performance and evaluating the experimental data
