Stable carbon isotope biogeochemistry of propionate and acetate in methanogenic soils and lake sediments

R. Conrad, P. Claus, A. Chidthaisong, Y. Lu, A. Fernandez Scavino, Y. Liu, R. Angel, P.E. Galand, P. Casper, F. Guerin, A. Enrich-Prast

PII: S0146-6380(14)00104-1

DOI: <http://dx.doi.org/10.1016/j.orggeochem.2014.03.010>

Reference: OG 3116

To appear in: *Organic Geochemistry*

Received Date: 22 November 2013

Revised Date: 11 March 2014

Accepted Date: 12 March 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Stable carbon isotope biogeochemistry of propionate and acetate in
methanogenic soils and lake sediments
