Insights on the correlation of precursor solution, morphology of the active layer and performance of the perovskite solar cells

Muhammad Azam, Shizhong Yue, Kong Liu, Yang Sun, Jun Liu, Kuankuan Ren, Zhijie Wang, Shengchun Qu, Zhanguo Wang

PII: S0925-8388(17)33460-6

DOI: [10.1016/j.jallcom.2017.10.046](https://doi.org/10.1016/j.jallcom.2017.10.046)

Reference: JALCOM 43443

To appear in: *Journal of Alloys and Compounds*

Received Date: 29 June 2017

Revised Date: 19 September 2017

Accepted Date: 8 October 2017

Wang, Insights on the correlation of precursor solution, morphology of the active layer and performance of the perovskite solar cells, *Journal of Alloys and Compounds* (2017), doi: 10.1016/j.jallcom.2017.10.046.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
