Accepted Manuscript

Body size influences urinary posture but not hindlimb laterality in shelter dogs

Betty McGuire, William Gough

PII: S1558-7878(17)30078-3

DOI: 10.1016/j.jveb.2017.08.001

Reference: JVEB 1074

To appear in: Journal of Veterinary Behavior

Received Date: 16 April 2017

Revised Date: 17 June 2017

Accepted Date: 7 August 2017

Please cite this article as: McGuire, B., Gough, W., Body size influences urinary posture but not hindlimb laterality in shelter dogs, *Journal of Veterinary Behavior* (2017), doi: 10.1016/j.jveb.2017.08.001.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
