Duck interferon regulatory factor 1 acts as a positive regulator in duck innate antiviral response

Wei Qian, Xiaoqin Wei, Yongtao Li, Kelei Guo, Zhong Zou, Hongbo Zhou, Meilin Jin

PII: S0145-305X(17)30318-X

DOI: [10.1016/j.dci.2017.09.004](https://doi.org/10.1016/j.dci.2017.09.004)

Reference: DCI 2977

To appear in: *Developmental and Comparative Immunology*

Received Date: 14 June 2017

Revised Date: 6 September 2017

Accepted Date: 7 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
