Patient-Reported Outcomes and Opioid Use In Outpatients with Chronic Pain

Lisa R. Witkin, David Zylberger, Neel Mehta, Madeleine Hindenlang, Christopher Johnson, Jacob Kean, Susan D. Horn, Charles E. Inturrisi

PII: S1526-5900(17)30002-0

DOI: [10.1016/j.jpain.2016.12.018](https://doi.org/10.1016/j.jpain.2016.12.018)

Reference: YJPAI 3357

To appear in: *Journal of Pain*

Received Date: 11 June 2016

Revised Date: 17 December 2016

Accepted Date: 27 December 2016

Please cite this article as: Witkin LR, Zylberger D, Mehta N, Hindenlang M, Johnson C, Kean J, Horn SD, Inturrisi CE, Patient-Reported Outcomes and Opioid Use In Outpatients with Chronic Pain, *Journal of Pain* (2017), doi: 10.1016/j.jpain.2016.12.018.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Revised and Clean Copy- JPAIN-D-16-00391R2

Running title: Patient-Reported Outcomes from a Pain Registry

Disclosures. The Registry was developed with the support of grant RC2 DA028928 from NIDA and was supported in part by a grant from Purdue Pharm, Ltd. and the Weill Cornell Medical College Bridge Fund. None of the supporters read or had any editorial influence on the manuscript. No authors have any other conflicts of interest/disclosures to report.
