Inhibition of focal adhesion kinase on hepatic stellate cell adhesion and migration

Yan Wang, Junji Ma, Lei Chen, Xiao-Li Xie, Huiqing Jiang

PII: S0002-9629(16)30630-9
DOI: <http://dx.doi.org/10.1016/j.amjms.2016.11.020>
Reference: AMJMS337

To appear in: *The American Journal of the Medical Sciences*

Received date: 21 July 2016
Revised date: 12 November 2016
Accepted date: 15 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Inhibition of focal adhesion kinase on hepatic stellate cell adhesion and migration

Short Title: FRNK inhibits adhesion and migration of HSCs.

Conflict of Interest Statement: The Authors declare that they do not have anything to disclose regarding conflict of interest with respect to this manuscript.

Source of Funding Statement: This study was supported in part by the National Natural Science Foundation of China (No.81570546).

key terms: hepatic stellate cells; focal adhesion kinase related non-kinase; adhesion; migration; phosphatidylinositol 3-kinase
