This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Inflammatory mediators associated with pressure ulcer development in individuals with pneumonia following traumatic spinal cord injury: A pilot study

Running head: Biomarkers in pneumonia and PUs

Authors: Shilpa Krishnan,^{1*} PT, PhD; Yoram Vodovotz,^{2,3} PhD; Patricia E. Karg,¹ M.S.; Gregory Constantine,⁴ PhD; Gwendolyn A. Sowa,⁵ M.D, PhD; Florica J. Constantine⁶; and David M. Brienza,^{1,3,7} PhD.
