

Accepted Manuscript

Title: Pharmacology of Bile Acid Receptors: Evolution of Bile Acids from Simple Detergents to Complex Signaling Molecules

Author: Bryan L. Copple Tiangang Li

PII: S1043-6618(15)30153-5
DOI: <http://dx.doi.org/doi:10.1016/j.phrs.2015.12.007>
Reference: YPHRS 3000

To appear in: *Pharmacological Research*

Received date: 8-11-2015
Accepted date: 3-12-2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Pharmacology of Bile Acid Receptors: Evolution of Bile Acids from Simple Detergents to Complex Signaling Molecules
