Short title: *Heterogeneity in 12-Lead ECG for SCD Screening*

**DISCLOSURE**

Dr. Kenttä's postdoctoral fellowship was supported in part by Instrumentarium Science Foundation, Helsinki, Finland and the Finnish Foundation for Cardiovascular Research, Helsinki, Finland. Dr. Porthan was supported by grants from the Aarne Koskelo Foundation, the Finnish Foundation for Cardiovascular Research, and the Emil Aaltonen Foundation, and the Orion Research Foundation. Drs. Nearing and Verrier are inventors of a U.S. patent that protects the method used for heterogeneity analysis. The other authors disclose no conflicts of interest.
