Temporal variability of the Baltic Sea level based on satellite observations

Malgorzata Stramska

PII: S0272-7714(13)00401-0

DOI: [10.1016/j.ecss.2013.09.002](https://doi.org/10.1016/j.ecss.2013.09.002)

Reference: YECSS 4254

To appear in: *Estuarine, Coastal and Shelf Science*

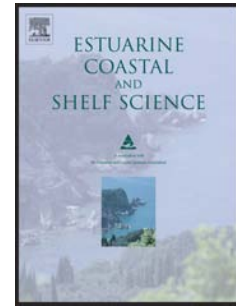

Received Date: 4 April 2013

Revised Date: 30 August 2013

Accepted Date: 2 September 2013

Please cite this article as: Stramska, M., Temporal variability of the Baltic Sea level based on satellite observations, *Estuarine, Coastal and Shelf Science* (2013), doi: 10.1016/j.ecss.2013.09.002.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Temporal variability of the Baltic Sea level based on satellite observations**
