Combinatory approach for developing silk fibroin scaffolds for cartilage regeneration

Viviana P. Ribeiro, Alain da Silva Morais, F. Raquel Maia, Raphael F. Canadas, João B. Costa, Ana L. Oliveira, Joaquim M. Oliveira, Rui L. Reis

PII: S1742-7061(18)30178-8  
DOI: <https://doi.org/10.1016/j.actbio.2018.03.047>  
Reference: ACTBIO 5389

To appear in: *Acta Biomaterialia*

Received Date: 18 December 2017  
Revised Date: 13 March 2018  
Accepted Date: 28 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
