

## Accepted Manuscript

Title: Influence of support materials on continuous hydrogen production in anaerobic packed-bed reactor with immobilized hydrogen producing bacteria at acidic conditions

Authors: Petra Muri, Romana Marinšek-Logar, Petar Djinovića, Albin Pintar

PII: S0141-0229(17)30195-3  
DOI: <https://doi.org/10.1016/j.enzmictec.2017.10.008>  
Reference: EMT 9147

To appear in: *Enzyme and Microbial Technology*

Received date: 19-6-2017  
Revised date: 19-10-2017  
Accepted date: 20-10-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
