

## Accepted Manuscript

Sustainable efficient adsorbent: alkali-acid modified magnetic biochar derived from sewage sludge for aqueous organic contaminant removal

Lin Tang, Jiangfang Yu, Ya Pang, Guangming Zeng, Yaocheng Deng, Jiajia Wang, Xiaoya Ren, Shujing Ye, Bo Peng, Haopeng Feng

PII: S1385-8947(17)31960-5  
DOI: <https://doi.org/10.1016/j.cej.2017.11.048>  
Reference: CEJ 18019

To appear in: *Chemical Engineering Journal*

Received Date: 2 September 2017  
Revised Date: 7 November 2017  
Accepted Date: 8 November 2017

Feng, Sustainable efficient adsorbent: alkali-acid modified magnetic biochar derived from sewage sludge for aqueous organic contaminant removal, *Chemical Engineering Journal* (2017), doi: <https://doi.org/10.1016/j.cej.2017.11.048>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
