

Accepted Manuscript

A rapid method on identifying disqualified raw goat's milk based on total bacterial count by using dielectric spectra

Zhuozhuo Zhu, Xinhua Zhu, Fanrong Kong, Wenchuan Guo

PII: S0260-8774(18)30270-X
DOI: 10.1016/j.jfoodeng.2018.06.020
Reference: JFOE 9303
To appear in: *Journal of Food Engineering*
Received Date: 06 February 2018
Accepted Date: 19 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
