A Review on the Development of Urease Inhibitors as Antimicrobial Agents against Pathogenic Bacteria

Yuri F. Rego, Marcelo P. Queiroz, Tiago O. Brito, Priscila G. Carvalho, Vagner T. de Queiroz, Ângelo de Fátima, Fernando Macedo Jr.

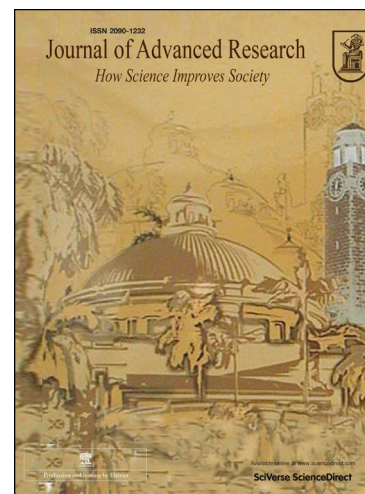

PII: S2090-1232(18)30056-0
DOI: <https://doi.org/10.1016/j.jare.2018.05.003>
Reference: JARE 607

To appear in: *Journal of Advanced Research*

Received Date: 13 February 2018
Revised Date: 30 April 2018
Accepted Date: 1 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
