Dynamic microglial modulation of spatial learning and social behavior

Luisa Torres, Joan Danver, Kyungmin Ji, Jeremy T. Miyauchi, Danling Chen,
Maria E. Anderson, Brian L. West, John K. Robinson, Stella E. Tsirka

PII: S0889-1591(15)30009-X
DOI: <http://dx.doi.org/10.1016/j.bbi.2015.09.001>
Reference: YBRBI 2698

To appear in: *Brain, Behavior, and Immunity*

Received Date: 6 April 2015
Revised Date: 29 August 2015
Accepted Date: 1 September 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Dynamic microglial modulation of spatial learning and social behavior

Luisa Torres^{1,2}, Joan Danver^{*3}, Kyungmin Ji^{*2}, Jeremy T. Miyauchi, Danling Chen, Maria E. Anderson⁴, Brian L. West⁵, John K. Robinson⁴, and Stella E. Tsirka^{1,2,#}.

Highlights:

- Local hippocampal microglial depletion alters learning and social behavior
- Systemic microglia depletion alters learning but not social behavior
- These behavioral changes are reversed upon microglial repopulation
