This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Societal background influences social learning in cooperative decision making

## Authors

Lucas Molleman<sup>a,b</sup> and Simon Gächter<sup>a,c,d</sup>

## Affiliations

<sup>a</sup> University of Nottingham, University Park, Nottingham NG7 2RD, United Kingdom

<sup>b</sup> Center for Adaptive Rationality, Max Planck Institute for Human Development, Lentzeallee 94, 14195 Berlin, Germany

<sup>c</sup> Center for Economic Studies, Poschingerstraße 5, 81679 Munich, Germany

<sup>d</sup> Institute of Labour Economics, Schaumburg-Lippe-Strasse 5-9, 53113 Bonn, Germany

Corresponding author: molleman@mpib-berlin.mpg.de

## Authors' contributions

LM and SG designed the experiments. LM programmed the experiment, supervised data collection and analysed the data. LM and SG wrote the manuscript.

## Acknowledgements

We are grateful to W. van den Bos, D. van Dolder, L. Glowacki, J. Schulz, O. Weisel and F.J. Weissing for useful comments and discussions, and to D. Ain for text-editing. For facilitating data collection, we thank X. Qin (SJTU Shanghai), M.C. Robitaille-Blanchet and V. Zhu (UoN Ningbo) and T. Turocy (UEA Norwich). We further thank the following people for their assistance in translating and conducting the experiments: J. Feng, J. Wu, G. Yan, L. Yu (Shanghai), C. Luo, Y. Qiao, X. Zhang, L. Zhuo (Ningbo), B. Beranek, Y. Cui, L. Huang, T. Veale (Nottingham), C. Belton, S. Godoy-Garzon, L. Restrepo-Plaza (Norwich).

## Funding & Declaration of interest

This work was supported by the Economic and Social Research Council [grant number ES/K002201/1], and the European Research Council [grant ERC-AdG 295707 COOPERATION]. LM is further supported by Open Research Area [grant ASTA ID: 176]. The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.

Declarations of interest: None.

## Ethics statement & Data and code availability

Ethical approval was given by the Nottingham School of Economics Research Ethics Committee. The experimental data and the analysis code for this paper are available via

[https://github.com/LucasMolleman/Molleman\\_Gaechter\\_social\\_learning\\_submission](https://github.com/LucasMolleman/Molleman_Gaechter_social_learning_submission). The experimental software is available upon request from the corresponding authors
