Trace analysis by ion mobility spectrometry: from conventional to smart sample preconcentration methods. A review

A. Sorribes-Soriano, M. de la Guardia, F.A. Esteve-Turrillas, S. Armenta

PII: S0003-2670(18)30499-9

DOI: 10.1016/j.aca.2018.03.059

Reference: ACA 235877

To appear in: *Analytica Chimica Acta*

Received Date: 21 December 2017

Revised Date: 26 March 2018

Accepted Date: 27 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
