Title: Design of amphoteric chitosan flocculants for phosphate and turbidity removal in wastewater

Authors: Henry K. Agbovi, Lee D. Wilson

PII: S0144-8617(18)30162-0

DOI: <https://doi.org/10.1016/j.carbpol.2018.02.024>

Reference: CARP 13286

To appear in:

Received date: 6-12-2017

Revised date: 30-1-2018

Accepted date: 7-2-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Design of amphoteric chitosan flocculants for phosphate and turbidity removal in wastewater

Henry K. Agbovi¹ and Lee D. Wilson^{1*}
