

## Accepted Manuscript

Title: Structural features of soluble cereal arabinoxylan fibers associated with a slow rate of *in vitro* fermentation by human fecal microbiota

Authors: Pinthip Rumpagaporn Brad L. Reuhs Amandeep Kaur John A. Patterson Ali Keshavarzian Bruce R. Hamaker

PII: S0144-8617(15)00357-4  
DOI: <http://dx.doi.org/doi:10.1016/j.carbpol.2015.04.041>  
Reference: CARP 9872

To appear in:

Received date: 15-12-2014  
Revised date: 20-4-2015  
Accepted date: 22-4-2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
