Integration of graphene onto silicon through electrochemical reduction of graphene oxide layers in non-aqueous medium

Andrea Giacomo Marrani, Anna Chiara Coico, Daniela Giacco, Robertino Zanoni, Francesca Anna Scaramuzzo, Ricardo Schrebler, Danilo Dini, Matteo Bonomo, Enrique A. Dalchiele

PII: S0169-4332(18)30833-X  
DOI: <https://doi.org/10.1016/j.apsusc.2018.03.147>  
Reference: APSUSC 38895

To appear in: *Applied Surface Science*

Received Date: 16 January 2018  
Revised Date: 2 March 2018  
Accepted Date: 20 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
