

## Accepted Manuscript

Title: Blue enamel pigment – chemical and morphological characterization of its corrosion process

Authors: Andreia Machado, Márcia Vilarigues

PII: S0010-938X(17)32050-4  
DOI: <https://doi.org/10.1016/j.corsci.2018.05.005>  
Reference: CS 7517

To appear in:

Received date: 15-11-2017  
Revised date: 4-5-2018  
Accepted date: 4-5-2018

Please cite this article as: Machado A, Vilarigues M, Blue enamel pigment – chemical and morphological characterization of its corrosion process, *Corrosion Science* (2010), <https://doi.org/10.1016/j.corsci.2018.05.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Blue enamel pigment – chemical and morphological characterization of its corrosion process
