Production data analysis in gas condensate reservoirs using type curves and the equivalent single phase approach

Caroline Johnson, Mahmoud Jamiolahmady

PII: S0920-4105(18)30639-9

DOI: [10.1016/j.petrol.2018.07.064](https://doi.org/10.1016/j.petrol.2018.07.064)

Reference: PETROL 5161

To appear in: *Journal of Petroleum Science and Engineering*

Received Date: 14 March 2018

Revised Date: 13 July 2018

Accepted Date: 24 July 2018

Please cite this article as: Johnson, C., Jamiolahmady, M., Production data analysis in gas condensate reservoirs using type curves and the equivalent single phase approach, *Journal of Petroleum Science and Engineering* (2018), doi: 10.1016/j.petrol.2018.07.064.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Production Data Analysis in Gas Condensate Reservoirs Using Type Curves and the Equivalent Single Phase Approach
