Title: Wavelet regression: an approach for undertaking multi-time scale analyses of hydro-climate relationships

Author: Jianhua Xu

PII: S2215-0161(18)30071-2

DOI: https://doi.org/10.1016/j.mex.2018.05.005

Reference: MEX 295

To appear in:

Received date: 26-3-2018 Accepted date: 11-5-2018

Please cite this article as: Xu J, Wavelet regression: an approach for undertaking multi-time scale analyses of hydro-climate relationships, *MethodsX* (2018), https://doi.org/10.1016/j.mex.2018.05.005

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
