

Accepted Manuscript

Title: A test of the adaptive network explanation of functional disorders using a machine learning analysis of symptoms

Authors: Christos Melidis, Susan L. Denham, Michael E. Hyland

PII: S0303-2647(17)30243-5
DOI: <https://doi.org/10.1016/j.biosystems.2017.12.010>
Reference: BIO 3822

To appear in: *BioSystems*

Received date: 22-6-2017
Revised date: 12-12-2017
Accepted date: 19-12-2017

Please cite this article as: Melidis, Christos, Denham, Susan L., Hyland, Michael E., A test of the adaptive network explanation of functional disorders using a machine learning analysis of symptoms. *BioSystems* <https://doi.org/10.1016/j.biosystems.2017.12.010>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A test of the adaptive network explanation of functional disorders using a machine learning analysis of symptoms
