An insight into the impact of polymers on the hydrate conversion of olanzapine Form I in aqueous suspensions

Maria C. Paisana, Martin A. Wahl, João F. Pinto

PII: S0022-3549(17)30164-8

DOI: [10.1016/j.xphs.2017.03.007](https://doi.org/10.1016/j.xphs.2017.03.007)

Reference: XPHS 685

To appear in: *Journal of Pharmaceutical Sciences*

Received Date: 24 November 2016

Revised Date: 23 February 2017

Accepted Date: 8 March 2017

Please cite this article as: Paisana MC, Wahl MA, Pinto JF, An insight into the impact of polymers on the hydrate conversion of olanzapine Form I in aqueous suspensions, *Journal of Pharmaceutical Sciences* (2017), doi: 10.1016/j.xphs.2017.03.007.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**An insight into the impact of polymers
on the hydrate conversion of olanzapine Form I in aqueous suspensions**
