Straus, Impact of the Canadian Diabetes Association Guidelines Dissemination Strategy on clinician knowledge and behaviour change outcomes, *Diabetes Research and Clinical Practice* (2018), doi: <https://doi.org/10.1016/j.diabres.2018.02.041>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Impact of the Canadian Diabetes Association Guidelines Dissemination Strategy on  
clinician knowledge and behaviour change outcomes**
