Coronary artery vasospasm during catheter cryoablation of left ventricular summit Non-Sustained ventricular tachycardia

Santiago Rivera, Maria de la Paz Ricapito, Josefina Parodi, Pablo Spaletra, Gaston Albina, Alberto Giniger, Fernando Scazzuso

PII: S2214-0271(16)30075-6
DOI: <http://dx.doi.org/10.1016/j.hrcr.2016.07.007>
Reference: HRCR270

To appear in: *HeartRhythm Case Reports*

Received date: 5 May 2016
Revised date: 11 July 2016
Accepted date: 20 July 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Coronary Artery Vasospasm During Catheter Cryoablation of Left Ventricular Summit Non-Sustained Ventricular Tachycardia.

Short title: Left Ventricular Summit Arrhythmia Cryoablation
