Title: Childhood Stroke and Vision: a Review of the Literature

Author: Lauren B. Crawford, Meredith R. Golomb

PII: S0887-8994(17)30696-3

DOI: <https://doi.org/10.1016/j.pediatrneurol.2017.11.007>

Reference: PNU 9271

To appear in: *Pediatric Neurology*

Received date: 29-6-2017

Revised date: 9-11-2017

Accepted date: 11-11-2017

Please cite this article as: Lauren B. Crawford, Meredith R. Golomb, Childhood Stroke and Vision: a Review of the Literature, *Pediatric Neurology* (2017), <https://doi.org/10.1016/j.pediatrneurol.2017.11.007>.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

PNU 2017 425 Third Revision- Revised to respond to reviewer comments**Childhood Stroke and Vision: A Review of the Literature**

Lauren B Crawford, Meredith R Golomb MD MSc

Division of Pediatric Neurology, Department of Neurology, Indiana University School of Medicine, Riley Hospital for Children, Indianapolis, Indiana 46202, USA. . Phone: (317)278-5450. Fax: (317)274-3622. E-mail: mgolomb@iupui.edu

Article type: Review of the literature

Abstract word count: 242 words

Text word count: 3210 words

Tables: 2

Figures: 0

References: 46

Keywords: childhood stroke; perinatal stroke; neonatal stroke; visual impairment; vision; outcomes; treatment; driving

Author roles: The first author reviewed the literature and generated all drafts of the paper as part of a pediatric neurology clinical research elective. The senior author mentored the first author through research and writing, and provided feedback and editing on each draft.

The authors have no conflicts of interest to report.

Acknowledgement: The authors would like to thank Dr. Charline Boente MD of the Division of Pediatric Ophthalmology at Riley Hospital for Children for her comments
