Methamphetamine use and heart failure: Prevalence, risk factors, and predictors

John R. Richards, Brian N. Harms, Amanda Kelly, Samuel D. Turnipseed

PII: S0735-6757(18)30001-9
DOI: <https://doi.org/10.1016/j.ajem.2018.01.001>
Reference: YAJEM 57209

To appear in:

Received date: 30 October 2017
Revised date: 12 December 2017
Accepted date: 1 January 2018

Please cite this article as: John R. Richards, Brian N. Harms, Amanda Kelly, Samuel D. Turnipseed, Methamphetamine use and heart failure: Prevalence, risk factors, and predictors. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Yajem(2018), <https://doi.org/10.1016/j.ajem.2018.01.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Methamphetamine Use and Heart Failure: Prevalence, Risk Factors, and Predictors
