Periocular Necrotizing Fasciitis in an Infant

Alan D. Proia, M.D., Ph.D.

PII: S0039-6257(16)30263-6

DOI: [10.1016/j.survophthal.2017.03.002](https://doi.org/10.1016/j.survophthal.2017.03.002)

Reference: SOP 6709

To appear in: *Survey of Ophthalmology*

Received Date: 29 November 2016

Revised Date: 27 February 2017

Accepted Date: 3 March 2017

Please cite this article as: Proia AD, Periocular Necrotizing Fasciitis in an Infant, *Survey of Ophthalmology* (2017), doi: 10.1016/j.survophthal.2017.03.002.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
