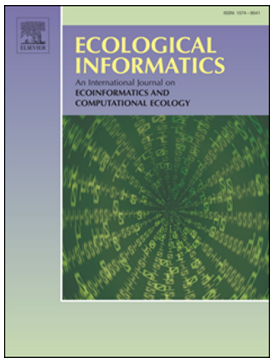
Accepted Manuscript



Predicting the future is hard and other lessons from a population time series data science competition

G.R.W. Humphries, C. Che-Castaldo, P.J. Bull, G. Lipstein, A. Ravia, B. Carrión, T. Bolton, A. Ganguly, H.J. Lynch

PII: S1574-9541(18)30095-5
DOI: doi:10.1016/j.ecoinf.2018.07.004
Reference: ECOINF 873

To appear in: *Ecological Informatics*

Received date: 5 April 2018
Revised date: 10 July 2018
Accepted date: 11 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
