

## Accepted Manuscript

Title: Transient plate contraction between two simultaneous slab windows: Insights from Paleogene tectonics of the Patagonian Andes

Authors: G.M. Gianni, A. Pesce, S.R. Soler

PII: S0264-3707(18)30104-2  
DOI: <https://doi.org/10.1016/j.jog.2018.07.008>  
Reference: GEOD 1590

To appear in: *Journal of Geodynamics*

Received date: 8-4-2018  
Revised date: 16-7-2018  
Accepted date: 26-7-2018

Please cite this article as: Gianni GM, Pesce A, Soler SR, Transient plate contraction between two simultaneous slab windows: Insights from Paleogene tectonics of the Patagonian Andes, *Journal of Geodynamics* (2018), <https://doi.org/10.1016/j.jog.2018.07.008>

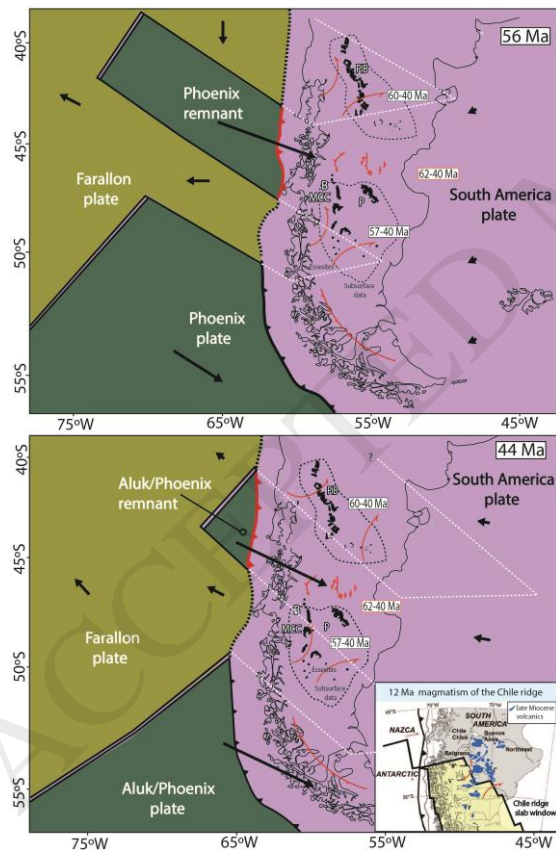

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Transient plate contraction between two simultaneous slab windows: Insights from Paleogene tectonics of the Patagonian Andes
