Nuclear organization mediates cancer-compromised genetic and epigenetic control

Sayyed K. Zaidi, Andrew Fritz, Kirsten Tracy, Jonathan Gordon, Coralee Tye, Joseph Boyd, Andre Van Wijnen, Jeffrey Nickerson, Anthony Imbalzano, Jane Lian, Janet Stein, Gary Stein

PII: S2212-4926(18)30078-2

DOI: [10.1016/j.jbior.2018.05.001](https://doi.org/10.1016/j.jbior.2018.05.001)

Reference: JBIOR 225

To appear in: *Advances in Biological Regulation*

Received Date: 6 April 2018

Revised Date: 13 April 2018

Accepted Date: 2 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Nuclear Organization Mediates Cancer-Compromised Genetic and Epigenetic Control
