Corresponding author: Professor Nick Sheron, CES Academic Unit University of Southampton Level E, MP(811), South Academic Block, University Hospital Southampton Tremona Road, Southampton, SO16 6YD, United Kingdom

Tel: 02381 205232; nick.sheron@soton.ac.uk.

Keywords: Liver disease, alcohol, obesity, viral, hepatitis, epidemiology, policy

Electronic word count: 10,046 words

N figures: 9; **N tables:** 2

Conflict of interest statements: Helena Cortez-Pinto received lecture and advisory board fees from Intercept, Genfit, and Gilead. Francesco Negro received a research grant from Gilead and AbbVie, and is advising Gilead, AbbVie, and Merck. Jeffrey Lazarus declares speaker fees and research grants from AbbVie, Gilead Sciences and MSD, outside of this study. The other authors declare no conflict of interest.

Financial support statement: This work was funded by EASL funding.

Authors contributions:

Laura Pimpin was responsible for the overall management of the project, analysed data, designed and consolidated the scope, led the review of the literature, conducted qualitative interviews, and drafted the final report.

Helena Cortez-Pinto advised on the HEPAHEALTH project and drafted the Obesity/type 2 diabetes and liver disease section of the manuscript.

Francesco Negro advised on the HEPAHEALTH project and drafted the viral hepatitis section of the manuscript.
