

## Accepted Manuscript

Corticolimbic circuitry in the modulation of chronic pain and substance abuse

Anna M.W. Taylor

PII: S0278-5846(17)30128-8  
DOI: doi: [10.1016/j.pnpbp.2017.05.009](https://doi.org/10.1016/j.pnpbp.2017.05.009)  
Reference: PNP 9103

To appear in: *Progress in Neuropsychopharmacology & Biological Psychiatry*

Received date: 16 February 2017  
Revised date: 14 April 2017  
Accepted date: 10 May 2017

Please cite this article as: Anna M.W. Taylor , Corticolimbic circuitry in the modulation of chronic pain and substance abuse. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Pnp(2017), doi: [10.1016/j.pnpbp.2017.05.009](https://doi.org/10.1016/j.pnpbp.2017.05.009)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Corticolimbic circuitry in the modulation of chronic pain and substance abuse
